

Augusta Regional Clinic Annual Report

2016-2017

Our Mission:

We provide health care and related services to those persons, and their families, who are making a sincere effort to support themselves, but who do not have the means to pay for such services.

Our Vision:

Every citizen of our community will have access to and receive quality, compassionate health care services, despite a lack of insurance or the inability to afford care.

Dear Friends of the Augusta Regional Clinic,

We have just finished a year of growth at the Augusta Regional Clinic. Despite fluctuating insurance regulations, our mission and values have stayed the same.

We provide health and dental services to those persons, and their families, who are making a sincere effort to support themselves, but who do not

have the means to pay for such services. Despite the legislative changes in recent years, there continues to be a serious need for healthcare and other services some in our community simply can't afford.

Your contributions have helped us make a difference in the lives of so many people.

Thank you for your continued support which allows us to provide care to the individuals and their families in our county who need it the most.

Sincerely,

Janice E. Morgan
Executive Director

Mark Radecke, D.Min
Board Chair

Board of Directors

Laura J. Brand, MD

THE PAST YEAR IN REVIEW:

**OCTOBER 1, 2016-
SEPTEMBER 30, 2017**

PATIENT ELIGIBILITY CRITERIA:

Uninsured Adults, ages 18–65, who are residents of Augusta County, Staunton or Waynesboro, and meet income guidelines of 250% of the Federal Poverty Level (\$29,700 for an individual).

MEDICAL CLINIC NUMBERS:

Individual patients: 916
 Total patient visits: 3,074
 Value of on-site medical services: \$486,177
 Prescriptions filled on-site: 11,702
 Value of prescriptions filled: \$2,243,851
 Value of donated diagnostic services: \$29,998

DENTAL CLINIC NUMBERS:

Individual patient visits: 2705
 Value of on-site dental services: \$626,013

VOLUNTEERS (ON-SITE & REFERRAL):

Active volunteers: 140
 Volunteer hours: 6273
 Interns and Student Volunteers: 25

Special programs:

Chronic Disease Clinic: With help from a grant from Augusta Health, chronic disease management has been a service of the Augusta Regional Clinic since its inception in 1993. The measurable impact that has resulted is the identification and tracking of chronic diabetic clinic patients to best understand how to treat their condition and demonstrate outcomes. Working together, people with diabetes, their support network, and their health care providers can reduce the occurrence of diabetes complications by controlling the levels of blood glucose, blood pressure, and blood lipids and by receiving other preventive care practices in a timely manner.

Eye Care Program: Through collaboration with EyeOne, Shenandoah Valley Social Services, Trinity Episcopal Church and area Lions Clubs, needy individuals in our area receive **free eye exams**. More than **274 pairs of eyeglasses** have been dispensed this year. A total of **3,175** have been dispensed since the program began, at a retail value of **\$762,000**.

Vaccinations: Our nurses provided 230 flu shots and 107 dTap injections, in addition to 23 shingles vaccines and 17 pneumonia vaccines.

Mental Health Visits: At the Augusta Regional Clinic, we not only care about the physical health of our patients, but their mental health as well. Our volunteer psychiatrist and two volunteer counselors provided almost 398 mental health visits this past year.

Every Woman's Life: Studies show that low-income women are less likely to receive mammograms. *Every Woman's Life* is a grant-funded program through the Virginia Department of Health and the Center for Disease Control. Through this program, outreach and education for the prevention and early detection of breast and cervical health issues are provided to **low-income, at-risk women** in our community. This past year **348 free mammograms** were provided for patients between the ages of 40–64 and 20 free (diagnostic) mammograms for women between the ages of 18-39. The EWL Program, as a gateway resource, provided **referral to BCCPTA/Medicaid for 12 EWL women** who were diagnosed with cancer while enrolled. This “special” Medicaid is available only to EWL enrollees and provides full-coverage health care as well as covering the costs of cancer treatment.

“ORCAS” School-Based Program: “ORCAS” (*Outreach, Resources, Care and Prevention, Assessments and Sealants*) is an Augusta Regional Dental Clinic program provided to every local area elementary school. The program provides education on a variety of topics, from proper brushing techniques to smart food and beverage choices for dental health. In addition, students receive sealant and fluoride treatments, and Dental Clinic staff dentists perform on-site screenings to assess whether further preventive and/or restorative dental work is needed. 620 children were treated in the ORCAS program this past year.

Clinic Volunteers

Thank you to the nurses, physicians, dentists, message takers, chart makers, pharmacy helpers, etc., who spent 6,273 hours of their time helping us provide the quality, compassionate care that has been our hallmark for two decades.

Augusta Regional Clinic Golf Tournament 2017

The 19th annual ARC golf tournament took place on October 5, 2017. It was a beautiful day at the Waynesboro Golf and Country Club, and eighteen teams thoroughly enjoyed battling it out for the prizes. The tournament brought in over \$12,000 for the clinic, and the golfers thoroughly enjoyed it. Thank you so much to our participants and sponsors who made it possible. A special thanks to Dr. Mick Andersen who helped organize the event!
